

JONATHAN KALISA

PRODUCT DESIGNER

ABOUT ME

I am an accomplished Product Designer and Frontend Engineer with a strong background in UI/UX design, product strategy, and responsive web development. I specialize in tools like Figma, Adobe XD, and Illustrator, and possess hands-on expertise in HTML, CSS, Tailwind, and JavaScript. With a Bachelor's degree in Information Technology, I bring a thoughtful blend of creative design thinking and technical execution, consistently delivering user-centered digital solutions.

EXPERIENCES

CREAXION-TBWA

2018- 2021

PRODUCT DESIGN & WEB DESIGN

Creative problem-solver with excellent design skills. Collaborative and dedicated to delivering high-quality work at Creaxion-Rwanda, one of the top agencies in Rwanda, where I contributed to projects for clients such as RwandAir, MTN Rwanda and Prime Cement.

ZATEC

2021 - 2023

PRODUCT DESIGNER

Expertise in product design and strong remote collaboration skills demonstrated in my role at Zatec, where I contributed to successful projects for external clients in Germany. I worked with mobility-focused companies serving major automotive brands such as Volkswagen, Volvo, and Land Rover.

ALIGHT - AMERICAN
REFUGEES COMMUNITY
2023-

SR PRODUCT LEAD ENGINEER

Leading the design and development of digital products, mentoring students in UI/UX and front-end engineering, and overseeing innovative tech solutions that address community and refugee needs.

EDUCATION

ADVENTIST UNIVERSITY
OF CENTRAL AFRICA
2015 - 2019

BACHELOR DEGREE IN INFORMATION TECHNOLOGY

I have a Bachelor's degree in Information Technology from Adventist University of Central Africa, with a strong foundation of knowledge and skills in the field of IT.
